

BUSINESS BENEFITS

Hospitals can benefit tremendously from HAP reports (which capture industry expert's knowledge/wisdom) by implementing control activities in five functional areas. Following are the five functional area:

Service Planning

- Provides insights to improve patient wellness and experience.

Billing

- Gives transparent view of billing process to customer as well as management.

Finance

- Enables better financial planning and cash flow management.

Human Resource

- Tracks employee performance and engagement.

Marketing

- Gives the overview of revenue generated by the sales team
